You definitely should...their products are organic, vegan, and proven to heal dry and damaged noses and paws. Pictured here is the unique #PawTection - a wax based blend used to provide a nourishing barrier to protect paw pads from hot and harsh surfaces.

Going somewhere? With the beautiful weather finally here, it's time for all the shenanigans. Hot pavement and gravel aren't very fun for our dogs' paws, though. @Naturaldogcompany has developed a one of kind product, #PawTection - an organic all natural wax blend that provides a nourishing barrier to protect their sensitive feet from the harsh surfaces. Definitely a summer essential!

Too cool for pool? More like too hot for paws. Every dog this summer needs #PawTection by @naturaldogcompany. PawTection is an organic blend of 100% natural waxes that provide a nourishing barrier for paws against hot and harsh surfaces.

Protect your pup's paw pads from damage caused by beach days, hot pavement and cement, hiking terrain, snow, salt and ice with #Pawtection from @NaturalDogCompany! Pawtection provides a nourishing wax barrier that keeps your fluff-ball's paws safe and healthy - naturally. PawTection is organic and made from 100% natural ingredients, making it completely safe and edible.

Paws or nose need repairing? Check out #pawsoother and #snoutsoother!

WARNING: Sidewalks, beach days, hiking adventures, and hot pavement cause damage to paw pads! Protect them with organic #PawTection from @naturaldogcompany!

Ruff paws? Heal them in days with organic #PawSoother!

Winter is here! Protect your pup's paws from dryness, cracking, and irritations caused by snow, ice, and salt with @NaturalDogCompany's #PawTection. PawTection is an organic wax-based balm formulated to serve as a protective barrier that prevents damage caused by the elements. Is summer approaching where you live? PawTection also prevents damage caused by hot sidewalks, pavement, and sand!

Going somewhere? Be sure to pack some #PawTection by @naturaldogcompany. Harsh surfaces like hot pavement, sand, ice, and salt can dry out paw pads, making them rough and scratchy. PawTection is a blend of all-natural waxes that provide a barrier against the skin, locking in moisture.

As our furbabes get older, they need more help from us to stay in good shape. We love organic #PawTection from @naturaldogcompany because it's all-natural way to protect paw pads from harsh and drying elements like hot pavement, sand, salt, and ice. It guards paws while locking in moisture!

Gotta keep these lil cuties safe! Harsh conditions like hot pavement, sand, salt, and ice can dry out paw pads, making them chapped and rough. Organic #PawTection by @naturaldogcompany is a blend of 100% natural waxes that create a nourishing barrier to guard paws while locking in moisture!

Brr...it's getting cold out there! With cold weather comes salt, ice and snow...which can be very drying for dog paws. Be sure to apply #PawTection by @naturaldogcompany before going outside to guard paws against damage and lock in moisture. Maybe Santa can bring some ;)

Is it summer where you are? Or snowing? Either way, the best way to protect paw pads from stuff like hot pavement or salty sidewalks is organic #PawTection from @naturaldogcompany. It's made from 100% natural waxes that guard the skin while locking in moisture – a must have all year round!

Keep your dog's paws protected all year long with organic #PawTection from @naturaldogcompany. It's made from 100% natural waxes that create a nourishing barrier to guard paws from harsh surfaces like hot pavement, sand, salt, snow and ice!

Why can't everything be fluffy? Did you know dog paws are actually pretty sensitive? Harsh surfaces like hot pavement, sand, salt, and ice can damage paws - making them dry and cracked. Organic #PawTection by @naturaldogcompany is made from natural waxes that guard paws and lock in moisture.

Sore paws = a bummed out pup. There is this awesome all-natural balm called #PawTection that you apply to your dog's paws before heading outside. The natural waxes in the PawTection really help to guard them against hot / ruff / harsh surfaces. It acts as a nourishing barrier and locks in moisture – making for a much happier pet ☺

Did you know hot and rough terrain can dry out and damage paw pads? @naturaldogcompany has this balm you apply before heading outside, #PawTection – which is an organic & 100% natural wax blend that guards paws from drying out and helps to lock in moisture. An adventure essential, really.

We all know how hot pavement can get! In extreme heat, please keep your dog on grass and other safe surfaces, and always apply organic #PawTection before heading outdoors (and reapply throughout the day). Harsh surfaces cause paws to dry, crack and peel. PawTection helps to guard against damage and keep paws healthy.

Did you know dog paws are actually pretty sensitive? Harsh surfaces like hot pavement, snow, salt and ice can dry them out – causing them to crack and chap. If you apply protection like organic #PawTection, it will help guard the skin while sealing in moisture. It really does make a difference!

Every adventure should start with #Pawtection! Harsh surfaces like hot pavement, sand, salt, ice and snow can really take a toll on dog paws. By applying #Pawtection before heading out, you're adding an all-natural layer of protection, helping to prevent drying and lock in moisture. It's 100% natural and safe!

Before heading out in inclement weather, be sure to apply some #pawtection to your dog's paws. It helps to guard the skin against damage & dry caused by hot pavement, sand, salt, ice and snow. PawTection is made from all-natural ingredients and is perfectly safe for your pupper.

The ladies can't resist a smooth pawed pup ;) My secret? #Pawtection from @naturaldogcompany. It's made from natural waxes that form a barrier around paws, protecting them from damage caused by hot pavement, sand, ice, snow and salt...keeping paws smooth and healthy

Winter weather is harsh on paw pads. It's important to keep them healthy and protected to avoid cracking and splitting. Be sure to apply Pawtection before heading outdoors to provide a nourishing barrier, keeping the skin guarded from damage and locking in moisture. You can really see a difference!

Skin Soother

You guys! @Naturaldogcompany has finally released their new product, organic #SkinSoothe. Skin Soothe is an all-natural antibiotic ointment used to treat cuts, rashes, burns, infections, hot spots, and reduce scarring in surgical wounds. A definite doggy must-have.

Finally there is an all-natural healing ointment for pets! #SkinSoothe by @naturaldogcompany is a 100% natural antibiotic ointment to treat cuts, burns, rashes, acne, hot spots and dry itchy skin! It's packed with healing herbs that are anti-inflammatory, anti-fungal, and anti-bacterial. Definitely a pup-aid-kit essential!

Don't leave your pup itchy and scratchy. If your dog is suffering from hot spots, itchy paws, or irritated skin – you definitely need to pick up some #SkinSoothe from @naturaldogcompany. Skin Soothe is an organic antibiotic balm that treats and heals all kinds of skin conditions and infections.

It's a RUFF world out there. If your dog gets a cut, rash, hot spot or infection – #SkinSoothe by @naturaldogcompany is a natural antibiotic ointment that will help them heal fast and safely. Organic, edible, and satisfaction guaranteed ;)

Keep your babe bundled this season. #SnoutSoothe to protect and heal their dry nose and #SkinSoothe to heal and soothe itchy, irritated or wounded skin. Made by @naturaldogcompany so you know it's 100% natural, safe, and guaranteed to work or your moolah back ;)

Got rashes? Scratches? Don't wait till it's too late! Grab some organic #SkinSoothe by @naturaldogcompany to heal cuts, burns, rashes, and a multitude of infections – naturally! A pup-aid-kit essential...

People have Neosporin, and now dogs have #SkinSoothe. This organic and all-natural healing balm is antibacterial, anti-fungal, anti-inflammatory and super soothing to help speed recovery and reduce scarring. Perfect for cuts, rashes, allergies, hot spots, itchy paws, bug bites...pretty much everything.

Finally - an all-natural treatment for itchy skin, paws and hot spots. If your dog is constantly licking their paws, it could be caused by a yeast infection. Organic #SkinSoothe by @naturaldogcompany is antibacterial, anti-fungal, and treats yeast infections to soothe irritated skin and heal wounds.

Got itchy paws? Rashes? Scratches? Every dog should have #skinsoothe on hand for treating all kinds of infections, including bacterial, fungal and yeast. It also heals wounds fast while reducing scarring. Made by @naturaldogcompany so you know it's all-natural, completely safe, and satisfaction guaranteed!

Skin Soothe by @naturaldogcompany is an all-around amazing product. It heals rashes, scratches, hot spots and infections because it is packed with NATURAL healing herbs that treat and prevent infections such as bacterial, yeast, and fungal. It's a must have for any pup-aid-kit.

Skin Soother is packed with natural healing herbs that help to prevent infection, speed recovery and reduce scarring. If your pup gets any wounds, surgical or otherwise, Skin Soother will help make sure your pup is free from irritation and infection.

Looking for an all-natural balm that will treat yeast infections, hot spots, itchy skin and rashes? #SkinSoothe does all those things PLUS heal wounds, soothe irritation and speed recovery. It really is just an all-around healing balm that people can't stop raving about. Definitely a pup-aid-kit essential!

Does your dog have itchy skin/paws? Hot spots? Or do they get the occasional boo-boo, rash, bug bite, allergies, or mystery wound? It's always great for pet owners to have natural healing products like #SkinSoothe by @naturaldogcompany on hand. Skin Soother is a 100% natural healing balm that is antifungal, antibacterial and anti-inflammatory...perfect for healing all types of infections and wounds. And it's SAFE for pets, unlike human products.

If your dog gets a cut, burn, rash, hot spot or infection – you can treat them naturally with organic #SkinSoothe. It's essentially like an all-natural Neosporin that is antibacterial, antifungal, and completely safe for dogs. Great to have on hand for when life happens.

Does your pup suffer from itchy skin, rashes, hot spots and/or allergy flair ups? You can soothe their skin naturally by doing a full body treatment with [@NaturalDogCompany's #SpruceUpPup](#) all-natural shampoo bar and then using their [#SkinSoothe](#) for spot treatments. People call this stuff a SKIN SAVER because it really works!!

Does your pup have itchy skin? Hot spots? Rashes?

Soothe your dog's skin, treat any infection and help them to heal with @NaturalDogCompany's Itchy Pup combo kit, featuring all-natural #SpruceUpPup shampoo bar for full body treatments and #SkinSoothe healing balm for spot treatments. Amazing combo for AMAZING results!!! Your dog will thank you!

SOOTHE and HEAL: Hot spots, yeast infections, bacterial infections, scratches, rashes, bug bits, surgical wounds, inflamed & irritated skin, itchy skin, interdigital cysts, dry skin, pimples, and more!! #SkinSoothe is an all-around healing balm that is all-natural, organic, and perfectly safe to ingest. Have it before you need it!

Wrinkle Balm

You guys...@NaturalDogCompany has FINALLY released their patent pending #WrinkleBalm ! This is the first product for our wrinkled babes that treats and protects against skin fold dermatitis, yeast & bacterial infections and crusty buildup! Literally any dog with rolls needs this amazing organic balm. Plus, no more stinky face!!

Awesome news guys! @Naturaldogcompany has finally released their patent pending #Wrinklebalm ☺ This will help wrinkled pups all over to heal and prevent skin fold dermatitis, yeast infections and crusty buildup. Wrinkle balm is organic, safe and gentle enough to use around the face!

We've got great news for all you wrinkled pups out there! Finally there is a natural solution for keeping skin folds clean - #WrinkleBalm ! This organic balm is essential for healing and protecting against skin fold dermatitis, yeast infections and gunky buildup. Get your pup super fresh with this awesome organic and vegan balm!

Nothin cuter than a squishy face...unless it's a stinky face! Skin folds can trap bacteria, causing crusty buildup, yeast infections and funky odor. Finally there is an all-natural solution – organic #wrinklebalm by @naturaldogcompany ☺ Wrinkle balm is gentle enough to use around the face but powerful enough to heal and prevent infections! A must-have

Got wrinkles? Keep them super fresh with organic #WrinkleBalm by @naturaldogcompany. Wrinkle Balm is made from 100% natural ingredients that are gentle, yet effective, in cleansing skin folds from bacteria and infections while preventing any future impurity. Amazing stuff for our squishy pups!

Wrinkled pups need a little extra TLC. Nasty stuff like bacteria and yeast like to live within skin folds, causing irritation and infections. #WrinkleBalm is an award-winning all-natural balm that is specially designed for protecting skin folds and keeping them healthy.

Got wrinkles? Keep them super fresh with new organic #WrinkleBalm by @naturaldogcompany. Skin folds can trap bacteria, causing crusty buildup, yeast infections and funky odor. Wrinkle balm is naturally gentle enough to use around sensitive areas like the face but powerful enough to heal and prevent infections!

Have you tried @naturaldogcompany all-natural products yet? They make all kinds of amazing balms to heal dry noses, scratchy toes and itchy rashes. They even have patent pending #WrinkleBalm for treating and preventing skin fold issues and infections. No more stinky face!

SO stinkin' cute...but now without the stink ;) We love Wrinkle Balm because it is made with only 100% natural ingredients that cleanse, heal and protect our Frenchie's skin folds...including sensitive areas like around the face and tail pocket. No more infections, irritation, crusty buildup or funky odor!

We love our wrinkled pups...but sometimes those wrinkles can get pretty funky. Deep skin folds trap moisture and bacteria...causing irritation, infection and stinky odor. All-natural #wrinklebalm is a

patented balm that is specifically designed to treat and prevent skin fold issues – keeping our pups fresh and happy.

Dis is the good-stuff for all the wrinkled babes out there. Award-winning and patented #WrinkleBalm! This organic balm is essential for healing and protecting against skin fold dermatitis, yeast infections and gunky buildup. Gentle enough to use around the face - on even the most sensitive pups ;)

Who you callin' stinky face?

Bacteria and possible fungal buildup in wrinkles causes that funky odor coming your bully's face or tail. Organic #WrinkleBalm is a 100% natural solution for treating and preventing skin fold irritation, crusty buildup and odor. It's gentle, safe and satisfaction guaranteed ;)

Looking for a natural way to keep your dog's wrinkles clean and stink-free? The patented #WrinkleBalm is the perfect solution...it's made from 100% natural ingredients that prevent bacterial / yeast infections, gunky buildup and funky odors. It's made to be super gentle so you can use it around the face, too!

Wrinkles are meant to be cuddly - not stinky. Bacterial and fungal buildup in skin folds causes that funky smell coming your pups face or tail. Organic #WrinkleBalm is a 100% natural solution for treating and preventing skin fold irritation, crusty buildup and odor. It's gentle, safe and satisfaction guaranteed! ;)

Looking for a natural solution for tearstains? If they are caused from yeast buildup (rusty color) then #WrinkleBalm from @naturaldogcompany should help treat and protect the creases from yeast and other buildup. It's 100% natural and formulated to be gentle enough to use around the face. Great for tail pockets, too!

Luck of the wrinkles! Keep your Frenchie super cuddly with organic #WrinkleBalm from @naturaldogcompany. It is naturally antibacterial and antifungal so it will keep their skin folds clear of infections, funky odors and crusty buildup. Great for faces and tail pockets!

Keep your Frenchie's face fine and funk free! Skin folds around the face can trap bacteria and yeast – causing irritation and infections. Keep their wrinkles healthy with all-natural #WrinkleBalm. It's naturally antibacterial, antifungal and super soothing & gentle for using around sensitive areas like the face.

If your dog is suffering from canine acne, irritated wrinkles, and stinky face folds – you need #WrinkleBalm from @naturaldogcompany. This patented all-natural balm is antibacterial and antifungal to soothe irritation, treat infection, and keep the skin healthy & funk-free! No more stinky face!

Bully Gnawer

Sharing food is hard. Sharing 100% natural #BullyGnawers is dang near impossible. These are great because they only contain 1 ingredient: free range, grass-fed beef. Now that is a treat ;)

We've been hearing great things about these new #BullyGnawers from @naturaldogcompany. Dogs go crazy for them and owners love them because they're 100% natural and made with only one ingredient...free range, grass-fed beef. Good stuff 😊

Woof! @NaturalDogCompany just launched their line of all-natural #BullyGnawers. These chews are 100% natural, free range, grass-fed beef...that's it! There are a lot of questionable ingredients and products out there, so it's good to know that you're giving your dog something wholesome and healthy.

Check out these new #BullyGnawers that @naturaldogcompany! They're 100% beef, high in protein, easily digestible and completely free of chemicals, grains, hormones, fillers, etc. It feels good giving your dog a treat you can trust. PS: Dogs LOVE these! Can you tell?

With all the unconditional love our dogs give us, it feels good to give them a little treat in return. Considering all the scary ingredients found in treats these days, you can rest easy giving them an all-natural #BullyGnawer because they are 100% grass fed beef...that's it! Take one look at [@zeus.the.labrador](#) and tell me he isn't over the moon!

Paws up if you love #gnawers!

If you're looking for an all-natural treat for your dog to gnaw on, you should check out @naturaldogcompany's #Bullygnawers! They're free of any chemicals, preservatives or scary ingredients...just free range, grassfed beef – that's it 😊 and Dogs LOVE them!

Not all treats are the same. We need to be careful what we're giving our pups, rawhides can contain traces of formaldehyde, arsenic, and all kinds of scary stuff. #BullyGnawers from @naturaldogcompany are legit – they're 100% natural, grass-fed, free-range beef...only one ingredient - that's it!

Dogs go crazy for these #HimalayanGnawers. They're a safe chew option because they're made from 100% natural ingredients that are easy for them to digest and full of healthy fats and proteins. They last a long time, too!

Himalayan Gnawer

Looking for an all-natural treat that is actually healthy for your pup? @NaturalDogCompany just released their newest treat - #HimalayanGnawer! It's a 100% natural cheese chew that is easily digestible, full of protein & healthy fats, and doesn't stink or stain! Yum ;)

Check out these new #HimalayanGnawers that @naturaldogcompany just released! They are a 100% natural cheese chew, high in protein, easily digestible and completely free of chemicals, grains, hormones, fillers, etc. It feels good giving your dog a treat you can trust. PS: Dogs LOVE these! Can you tell?

Do you have a champion chewer and need a treat that will last more than 5 seconds? Check out the new #HimalayanGnawers from @naturaldogcompany! They're 100% natural cheese chews that are long lasting, easily digestible and completely free of chemicals, grains, hormones, fillers, etc. They also don't stink or stain!

Looking for some pawfect stocking stuffers? Dogs love #himalayangnawers from @naturaldogcompany, they're 100% natural, easy to digest and actually healthy for your dog. A great distraction that is yummy and stink free! They definitely deserve it 😊

Keep your pup busy and happy with all-natural #HimalayanGnawers from @naturaldogcompany. They are easily digestible, full of protein & healthy fats, and free of any scary chemicals, preservatives, fillers, etc. Just a wholesome treat for your lil fur babe to enjoy

Looking for a long-lasting chew that is actually healthy for your pup? The #HimalayanGnawers are a great option! They're 100% natural, easy to digest and are full of protein & healthy fats. Good for the mind, body & teeth ;)

#HimalayanGnawers are the bomb!! I like how they're completely natural, with no chemicals or fillers...just 100% natural, easy-to-digest, protein packed ingredients.

GNAWERS (GENERAL)

Keep your pups busy and happy with the new all-natural #Gnawers from @naturaldogcompany. They are easily digestible, full of protein & healthy fats, and free of any scary chemicals, preservatives, fillers, etc. Just a wholesome treat for your lil love bug to enjoy 😊

Our dogs will do just about anything to make us happy, so it feels good to give them a little treat in return. Considering all the scary ingredients found in treats these days, you can rest easy giving them an all-natural #bullygnawer or #himalayangnawer. These chews are easily digestible, full of protein & healthy fats, and free of any scary chemicals, preservatives, fillers, etc. Just a wholesome treat for your lil love bug to enjoy 😊

Keep your pup busy with a long-lasting chew that is good for their mind, body and teeth! #Gnawers are 100% natural chews that are easily digestible, full of protein & healthy fats, and great for keeping your pup busy - and super happy!

SHAMPOO BAR (SPRUCE UP)

I happened to like my stink, Hooman...

Get in the howliday spirit with the NEW all-natural, organic Spruce Up Pup shampoo bar from @NaturalDogCompany :D It smells amazing and is packed with essential oils to leave your dog's skin soothed, fur radiant and super fresh for lots cuddles.

Will dis get me more cuddles?

Abspawlutely! The freshest howliday inspired shampoo bar just hit the market, Spruce Up Pup by @naturaldogcompany! This limited edition shampoo is all-natural and made with organic essential oils that are sure to soothe your pup's skin, help them relax, make their coat shine and have them smelling amazing!

The Sensitive Skin Shampoo bar is gentle, soothing, moisturizing, and FREE of chemicals, fragrance, parabens, sulfates, detergents, etc. It includes oatmeal, which is perfect for soothing irritated skin!

Got a pup with sensitive skin? @naturaldogcompany has an all-natural shampoo bar just for them! The Sensitive Skin Shampoo bar is gentle, soothing, moisturizing, and FREE of chemicals, fragrance, parabens, sulfates, detergents, etc. It includes oatmeal which is perfect for soothing irritated skin!

Snout Soother & Paw Soother:

If you haven't heard of @naturaldogcompany we're here to tell you about them. Their products are handcrafted from all natural, organic, and vegan ingredients...and they really work!

• • •

#SnoutSoothe is a balm specially formulated to heal dry cracked and crusty noses while #PawSoothe deeply heals and moisturizes their rough dry paws.

No spa treatment is complete without the organic healing products from @Naturaldogcompany! They are made from all-natural ingredients and proven to heal dry damaged noses and toes. Perfect for keeping your pup healthy and hydrated this summer :D

With summer comes fun and, unfortunately, also dry skin. With #PawSoothe and #SnoutSoothe from @naturaldogcompany you can make sure that you keep your lil dude happy and hydrated. They are made from 100% natural ingredients that work fast to heal and hydrate dry cracked skin.

@Naturaldogcompany has the best stuff to keep your pup hydrated this season. #PawSoothe to heal paws that have become dry and cracked, and #SnoutSoothe for crusty dry noses! All organic, all-natural, edible and even comes with a satisfaction guarantee ;)

Keeping our pups healthy takes a lot of work, but sometimes we overlook dry skin. Paws and noses can get really dried out, causing them to crack and become painful. @Naturaldogcompany has a pawsome line of organic and all-natural healing products that are completely safe and have tons of amazing reviews. Definitely worth checking out!

Did you know that dry noses and paws can be painful for your pup?? Heal them. #SnoutSoothe and #PawSoothe from @Naturaldogcompany have the perfect blend of organic, natural, vegan, and cruelty free ingredients that provide intense moisture to dry, cracked, and irritated skin. Coconut oil is commonly used for these conditions, but unfortunately does not provide the lasting healing effects of Snout Soothe. Another common product is Vaseline, but that is toxic for your pup!

Dry, cracked nose & paws? No thanks. @naturaldogcompany has got you covered with everything you need to keep moisturized this summer. Organic #PawSoothe and #SnoutSoothe are made from 100% natural ingredients to deeply heal and repair noses and paws that are dried out and damaged. Completely safe, edible and satisfaction guaranteed ;)

Fall is all about sweater weather and pumpkin everything. Though season changes can also bring dry skin for pups' noses and paws. Be sure to pick up #SnoutSoothe and #PawSoothe from @naturaldogcompany so you can make sure you keep your pup healthy all year round.

Sweet dreams are made of soft paws and smooth noses. Harsh weather can make dog noses and toes dry and cracked, but thanks to @naturaldogcompany there is organic #SnoutSoothe and #PawSoothe. Made from 100% natural ingredients and recommended by vets and customers all over the world.

Keep your fur babes protected this season with organic #PawTection and #SnoutSoothe from @naturaldogcompany. They make their products from 100% natural ingredients that guard and heal paws and noses, locking in moisture and protecting them from damage.

Now your pup can be covered, all the way from his nose to his toes! @Naturaldogcompany has got organic #SnoutSoothe for healing dry, cracked noses and #PawSoothe for ruff, scratchy paw pads. 100% natural, safe and works fast. They also ship all over the world!

Paw Soother & PawTection:

Did you guys know that dog's paws are actually really sensitive? Hot pavement can really dry out their paw pads. @Naturaldogcompany has an organic and all natural #pawdicure pack just for keeping their skin smooth, hydrated and protected. #pawsoother #pawtection

This summer keep your dog's paw pads in top shape with the organic & all-natural #PAWdicurepack from @Naturaldogcompany. #PawTection is applied before going out to protect paws against hot pavement, sand and gravel. Follow up with #PawSoothen before bed to heal dry & rough paws. Completely safe, edible and satisfaction guaranteed.

It's a RUFF world out there. Dogs paws can become dry and scratchy from walking on harsh surfaces. Be sure to protect and heal them with the organic PAWdicure pack from @NaturalDogCompany. It's completely natural, edible, and guaranteed to work or your money back! #pawsoother #pawtection

Are your dog's paws dry and scratchy? Heal them with organic #PawSoothen - an amazing deep healing balm made from all-natural ingredients to smooth and hydrate rough paw pads. Protect & prevent damage caused by hot and harsh surfaces by applying #PawTection before heading outdoors. Completely safe and totally effective ;)

Protect your dog's paw pads from damaged caused by hot pavement, salty sidewalks, sand and ice with organic #PawTection. Heal existing damage FAST with #PawSoothen. Specially formulated from completely natural and safe ingredients - the results speak for themselves!

Lovin' this PAWdicure pack from @NaturalDogCompany! Their #PawTEction is great to apply before going out in harsh conditions to guard against damage, drying and cracking. #PawSoothen is made from natural butters than work fast to heal paws, making them smooth & healthy again! 100% natural and safe for your pupper <3

Inclement weather is harsh on paw pads. Dry, cracked paws are more prone to splitting and cracking while healthy, moisturized paws are flexible and actually allow for dogs to get a better grip! You can guard paws from damage by applying #PawTection before heading outdoors and heal existing damage by applying #PawSoothen before bed.

Snout Soother & Paw Soother & PawTector:

If you haven't heard of @naturaldogcompany yet, you definitely need to check them out. They make organic healing dog products from 100% natural, edible, and vegan ingredients that are proven to work quickly and safely to heal dry noses and paw pads. They even offer a full satisfaction guarantee! #naturaldogcompany #pawsoother #pawtector

As things are heating up out there, our little pups could be drying out. @Naturaldogcompany has a collection of organic and all-natural products designed to keep them healthy, hydrated and happy.
